MUR 4972

Dear Commissioners:

I write regarding my previous complaints in which I requested that the Commission investigate potential violations of federal law by the Darrel Issa for Congress Committee (California 48).

I hereby withdraw my complaints and request that the Commission cease its investigation into these matters. The results of any FEC investigation, in my judgement will not impact the outcome of the 48th congressional election. The people expressed their electoral will on March 7, 2000. Accordingly, I believe that any further investigation would be an unnecessary expenditure of public time and resources.

Respectfully submitted,
